5.9¢ BICYCLE

Fifth transportation coil issued - 17 February 1982.

First to be withdrawn - 31 January 1984 - only 713 days of usefulness.

No first day ceremony, so no program exist.

Only plates #3 & #4 appear on first day covers.

814,419 First day covers cancelled - including souvenir pages and 5.9¢ envelopes issued at same time and place.

This exhibit contains many different cachets arranged in alphabetical order by cachet makers with first day cancels. It is in 2 parts. The second part contains the envelope mentioned previously.

Small cancel refers to machine cancel applied to covers sent to Philatelic Agency.
Large cancel refers to rubber hand stamp used at first day site for up to 30 days after release of stamp.
